

Irish Life

ADVENTUROUS PORTFOLIO

Information is correct at 30 September 2017

FUND FACTS

OBJECTIVE To achieve returns managed within a range of volatility suitable for adventurous investors

INVESTMENT STYLE Active & Passive Multi Strategy

SIZE 44.5 million

FUND DESCRIPTION

This fund predominantly invests in equities, both developed and emerging markets, with an allocation to other assets such as property and alternative investments. It also includes some risk management strategies. Investors in this fund seek very high investment returns over the longer term, and are prepared to accept significant investment risk and changes in capital values to achieve this aim, particularly over shorter time periods.

Warning: If you invest in this product you may lose some or all of the money you invest.

The assets in this fund may be used for the purposes of securities lending in order to earn an additional return for the fund. While securities lending increases the level of risk within the fund it also provides an opportunity to increase the investment return. External asset managers may change over time. Underlying funds or investments may be subject to incentive fees. Part of this fund may borrow to invest in property. Non euro currency exposures may be fully or partly hedged back to euro to reduce foreign currency risk.

This fund is provided by Irish Life Assurance plc and is managed by Irish Life Investment Managers Limited. It is selected by your financial advisor to meet the needs of a specific client risk profile.

Warning: This fund may be affected by changes in currency exchange rates.
