FUND DESCRIPTION

The investment manager, Irish Life Investment Managers, has developed their multi factor equity strategy to deliver stable outperformance relative to the benchmark by identifying and investing in companies that display superior fundamentals at an attractive price. This fund invests in Japanese equities using a quantitative multifactor stock selection process to deliver a systematic and robust investment process based on stock selection criteria which is driven by a combination of broad and diversified mix of factors shown to produce more stable outperformance relative to the benchmark. The Portfolio construction process introduces strong risk controls to maximise diversification and manage risk.
