

MAKING A PAYMENT TO IRISH LIFE

BY ELECTRONIC FUND TRANSFER (EFT)

With Electronic Fund Transfer (EFT), lump sum payments can be transferred directly from your bank account to ours. It's the quickest, easiest and most secure way for you to submit your payment to Irish Life.

In order to make an EFT payment you'll need:

Irish Life Account Details	
IBAN: IE79AIBK93338454073224	Swift Code: AIBKIE2D
Reference: Your Policy Number (see below)	

Your Policy Number

We'll need confirmation of your policy number in order to correctly match your EFT payment to your policy. We will have sent you confirmation of this by text, or your financial adviser can confirm this for you.

Why is this important?

It's very important because if your policy number is not referenced, it can delay the investment of your funds to your policy. We can only invest your funds from the date we receive all requirements, which includes the policy number needed to apply your transfer.

To help you, we've outlined the fields where you need to input your policy number when transferring money using your online banking facilities. This may differ depending on your bank

If you're making a payment from:	AIB	Permanent TSB	Bank of Ireland	Ulster Bank	KBC
Place your policy number reference in:	"Receiver Message" field	"Reference" field	"Reference" field	"Beneficiary Reference" field	"Reference" field

Please note:

Our Payment Servicing team will return received funds to the originating bank account 10 working days from receipt of payment, in the event that all requirements are not received in order to apply the EFT to your policy.
