

Irish Life

TAP - BALANCED PORTFOLIO

Information is correct at 31 August 2017

FUND FACTS

OBJECTIVE To achieve returns managed within a range of volatility suitable for balanced investors

INVESTMENT STYLE Active & Passive Multi Strategy

SIZE 1.6 billion

FUND DESCRIPTION

This fund invests mainly in equities, including developed and emerging markets and also low volatility equities. There are additional allocations to alternative investments and property and fixed interest investments. The fund also includes several risk management strategies. Investors in this fund are looking for good investment growth over longer time periods and are comfortable with the investment risk associated with this which may mean falls in capital values over shorter time periods.

Warning: If you invest in this product you may lose some or all of the money you invest.

The assets in this fund may be used for the purposes of securities lending in order to earn an additional return for the fund. While securities lending increases the level of risk within the fund it also provides an opportunity to increase the investment return. External asset managers may change over time. Underlying funds or investments may be subject to incentive fees. Part of this fund may borrow to invest in property. Non euro currency exposures may be fully or partly hedged back to euro to reduce foreign currency risk. High Yield Bonds are sub-advised by an external manager.

This fund is provided by Irish Life Assurance plc and is managed by Irish Life Investment Managers Limited. It is selected by your financial advisor to meet the needs of a specific client risk profile.

Warning: This fund may be affected by changes in currency exchange rates.
