COMPLETE SOLUTIONS INVESTMENT ONLY PLAN

This booklet gives you, the trustee, details of the benefits available on the Complete Solutions Investment Only plan. It is designed as a guide that explains the plan to you in short and simple terms. There will be more specific details and rules in your separate Fund Guide and Terms and Conditions booklet which you should read carefully. The content of this booklet is based on current Irish law and requirements of the Revenue Commissioners which may change at any time during the life time of your plan.

We have designed this plan for trustees of self-administered schemes who want to take out an Investment Only plan as part of the investment strategy for their scheme. The contract details are in our Terms and Conditions booklet, the plan schedule, the application form and any other documents we issue.

SUITABILITY SNAPSHOT

This Complete Solutions Investment Only plan might suit you if:

- ✓ you are looking to invest some of your scheme's assets in this investment plan;
- ✓ you are happy with the charges and choice of funds;
- ✓ you have at least €600 a year or a once off contribution of at least €3,000 to invest.

This Complete Solutions Investment Only plan might not suit you if:

- ✗ you do not wish to invest scheme assets in an insurance policy;
- ✗ you are not happy with the charges and choice of funds available;
- ✗ you do not have €600 a year or a once off contribution of €3,000 to invest.

Warning: The value of your investment may go down as well as up.

Warning: If you invest in this product you may lose some or all of your money you invest.

INVESTMENT DECISIONS

Through Complete Solutions Investment Only plan we offer a wide range of funds to meet the needs of your members.

THE FUND THAT IS RIGHT FOR YOUR INVESTMENT DEPENDS ON:

Amount of risk

Lower-risk funds aim to protect your investment from large falls in value, but the potential for large gains is lower than if you choose a higher-risk fund.

Higher-risk funds, such as those investing in company shares, do not aim to protect your investment from large falls in value, but you do have the potential to gain much more, especially over the long term. If you invest in these types of funds, you should realise that, in wanting a higher return, you need to accept that the value of these funds can move up and down, sometimes by large amounts and you could lose some or all of the value of your investment.

How long you want to invest for

If you are investing in a pension plan it is important to consider how long is left until your member retires. If your member is many years away from retirement you may be able to accept more risk than somebody who is quite close to retirement.

SWITCHING INVESTMENT OPTIONS

You can switch the investment from one fund to another at any time if you decide you want a lower-risk or higher-risk investment. There is no cost for switching between funds, however some funds may have a switching delay period. For a full list of the funds available on this pension, please see your separate Fund Guide.

If you have a Self-Invested Fund and want to switch out of the fund, the assets in the fund must first be sold. If there are assets which are not easy to sell quickly, such as property, it may take some time to sell them and this would result in a delay in making the switch.

Warning: The value of your investment may go down as well as up.

Warning: This product may be affected by changes in currency exchange rates.

Warning: If you invest in this product you may lose some or all of your money you invest.

PLAN CHARGES

CHARGES ON YOUR CONTRIBUTIONS

Your contributions buy units in a pension fund. The percentage of your contributions invested will be shown in the plan schedule which you will receive in the Welcome Pack after you start this plan. This amount will buy units in each fund you choose.

- For regular contributions, the percentage of your investment that we pay into the fund could vary between 93% and 100% (in other words, our charge could be up to 7%).
- For single contributions, this percentage could vary between 95% and 100% (a charge of up to 5%).

CHARGE ON EXTRA CONTRIBUTIONS IN THE FUTURE

The charges applying to extra regular contributions and extra single contributions you pay in the future could be different to the charge on your initial contributions. You should check with your financial broker or us as to what this will be.

REDUCING YOUR REGULAR CONTRIBUTION IN THE FUTURE

If you reduce regular contributions in the future, the percentage of the contributions we invest after the reduction may be lower. You should check with us or your financial broker what the new percentage invested will be for your regular contributions before you reduce your contributions.

YEARLY PLAN CHARGE

This charge, if it applies, will be shown on the plan schedule. We take it as a percentage of your fund value and it could be up to 0.5% a year. We cancel units every month to pay this charge. If it appears on your schedule, it applies as well as the yearly fund charge below.

YEARLY FUND CHARGE

We take this charge as a percentage of your fund value at a given time. It can be different for each fund you are investing in and whether that fund has been built up by regular contributions or single contributions. The charge for each fund is shown in your separate Fund Guide which you should read before you invest. The charge is reflected in the price of the units you have bought.

PLAN FEE

This is a monthly contract charge. It is currently €4.68 every month but will increase every year in line with the Consumer Price Index.

GOVERNMENT LEVIES

We will take any government levies due and pass them direct to the Revenue Commissioners as required. These levies will be taken from your fund.

WHAT IS MY COMPLETE SOLUTIONS
INVESTMENT ONLY PLAN LIKELY TO
BE WORTH AT RETIREMENT?

This example shows the estimated future values of this plan based on a 35 year old who plans to retire at age 65 and is paying €500 a month, increasing at 2.5% a year. This is a sample case.

Year	Expected Value
1	€5,726
2	€11,749
3	€18,082
4	€24,736
5	€31,724
10	€72,132
15	€123,009
20	€186,464
25	€264,989
30	€361,523

Warning: These figures are estimates only. They are not a reliable guide to the future performance of this investment.

NOTE:

We assume the following:

- An investment return of 4.25% a year before deductions.
- Contribution charge of 5%.
- Investment in the Multi Asset Portfolio Fund 4 which has a yearly fund charge of 0.9%.
- A yearly plan charge of 0.5%.
- The figures assume this plan started in October 2016.
- Under regulations, we also have to assume that your contributions increase by 2.5% each year. In reality, if you choose this option, contributions will increase by 5% each year (or in line with the Consumer Price Index if this is higher).
- The investment term is 30 years and the number of monthly contributions we have assumed is 360.

YOUR QUESTIONS ANSWERED

WHAT FUNDS ARE AVAILABLE?

There are a number of funds for you to choose from with Complete Solutions Investment Only plan. The fund that is right for your member depends on the amount of risk you are willing to take and how long you have to invest for. Risk means different things to different people, your financial broker can help you decide what level of risk suits you and your member. A complete list of funds is outlined in the Fund Guide.

WHAT IS THE MINIMUM TERM?

There is no minimum term.

HOW CAN I PAY?

You can make regular contributions by direct debit (every month, every three months, every six months or every year), or by cheque every year.

- If you are paying by direct debit, the smallest regular contribution amount is €50 a month (€600 a year) and the largest is €50,000 a year.
- If you are paying by cheque, the smallest contribution amount is €3,000 a year, and the largest is €50,000 a year.

You can also invest a lump sum at any time. You can do this instead of, or as well as, making regular contributions. If you start off with just a lump sum, you can't add regular contributions at a later date. The smallest one-off contribution you can invest is €650 if you already have a plan in place or €3,000 if it is your first contribution.

CAN I CHANGE MY CONTRIBUTION LEVEL?

You can increase the contributions at any time. You can also reduce the contribution to the minimum allowed or take a break from making contributions if you want to. However, you need to remember that reducing (or stopping) the contributions will affect the value of the Investment Only plan.

To help you to decide whether you need to increase the pension contributions, we will send you a statement each year showing:

- the contributions made;
- the value of the fund.

CAN I PROTECT MY CONTRIBUTIONS AGAINST INFLATION?

Yes, when you take out your plan, you can choose to have the contributions increase with inflation. If you choose this option, the contribution will increase each year in line with:

- the Consumer Price Index; or
- 5%;

whichever is higher.

CAN I CANCEL MY PLAN?

If you do this within 30 days from the date you are sent your Welcome Pack (or a copy), your plan will be cancelled. We will refund any regular contributions you have made. We will arrange for the return of any single investments, less any fall in investment values during the

period. Before cancelling you should talk to your financial broker.

If, after taking out this plan, you feel that it is not suitable, you may cancel it by writing to us at:

Irish Life Assurance plc,
Irish Life Centre,
Lower Abbey Street,
Dublin 1.

HOW DO I CLAIM BENEFITS UNDER THE PLAN?

On receipt of an instruction from you as trustee (or pensioner trustee if applicable), we will pay the proceeds of this plan to the self-administered scheme. Restrictions and delays on the proceeds may apply as set out in the terms and conditions. These restrictions will apply even if a pension adjustment order has been granted on the self-administered scheme or if a member in the scheme retires or dies.

WHAT TAX DO I PAY?

We will pay the proceeds to the self-administered scheme without deducting tax. You, as trustee, should deduct any relevant taxes due.

INFORMATION ON PENSIONS AUTHORITY FEE AND REGISTERED ADMINISTRATOR

The scheme that this Investment Only plan is linked to may be liable for a Pensions Authority fee - we will not pay this fee on your behalf. We cannot act as a registered administrator for your scheme.
