# IRISH LIFE FAMILY PROTECTION®

*One less thing to worry about*

# What's New?

For years life insurance has been all about what might happen if we die.

How might it affect our family's future?

Could they cope financially? Important questions for us all to answer.

But what if we got sick? Or just couldn't work for a while because of an injury? How would you get by financially?

2 in every 3 claims that Irish Life paid last year to its customers were for "living benefits" - such as regular income payments for people who couldn't work due to accident or illness, or lump sum payments for specified illnesses such as malignant cancers.

## Types of Claims Paid in 2017

Specified Illnesses:	<b>1119</b>
Income Protection:	<b>3323</b>
Life Insurance:	<b>2103</b>

At Irish Life we believe you should have one plan to protect you in case any of these things happen.

**OnePlan Protection from Irish Life gives you just that, providing income support for you or your family not just in death but also if you can't work because of illness or injury.**

## *The value of peace of mind*

A household has a whole host of expenses to cope with and life insurance can be one of those things that gets put on the "must get around to" list.

However, with OnePlan Protection starting from as little as €20 a month, protecting your family's income is actually far more affordable than most people realise. Clearly the cost of life insurance depends on your age, health, whether you smoke and the amount of cover.

### **OnePlan Protection - sample cover for €30 a month**

#### **Bill Cover**

(for bills - mortgage, rent & utilities - if you can't work due to illness or injury).

€800 a month

#### **Specified Illness Cover**

€26,000 lump sum

#### **Decreasing Life Cover**

€150,000 lump sum

This example shows standard rates for a 35 year old, non-smoking office worker in good health for a 20 year term. Bill Cover - available for employed and self-employed with an income, would be paid after 13 weeks and for a maximum period of two years. OnePlan Protection is a life insurance plan, not a savings plan - so you need to pay premiums to stay covered. See the OnePlan Protection booklet for full details.

## *Why choose Irish Life*

- We've been taking care of families in Ireland for over 75 years.
- We're the No.1 choice for life insurance based on market share in 2017.
- OnePlan Protection customers have a 93.5% satisfaction rate with their plan.\*
- We paid over €5 million a week on average in Protection claims in 2017.

\*Customer satisfaction - independent research by The Leadership Factor for 184 OnePlan Protection customers 2018.
