* Variable Charge

The variable charge will depend on the external fund managers used in the fund and the performance of the underlying investments. This column shows the maximum amount this charge can be. Please refer to the fund guide at the back of your PRSA booklet or www.irishlife.ie for more information on variable charges.

** Incentive Fees

These funds also have an incentive fee which may be payable if the manager achieves certain targets (See Section 7.3 of your PRSA booklet for further information). The incentive fee will depend on the performance of the underlying investments.

The maximum effect of these incentive fees would be to add an extra 0.15% to the overall fund charge shown on the Careful Portfolio, Conservative Portfolio, Balanced Portfolio and Experienced Portfolio, and an extra 0.05% to the overall fund charge shown on the Adventurous Portfolio.

Please note the following:

- The charges explained in sections 2, 3 & 4 above can be added together to indicate the total charge on your PRSA.
- There is no maximum contribution limit into this plan.
However, the highest regular contribution we can accept is:

€5,000 if paid monthly;
€7,500 if paid quarterly;
€15,000 if paid half yearly;
€30,000 if paid yearly.

If you pay in excess of these amounts, the excess is treated as a one-off contribution.
