

# Skyline Cautious Portfolio

Information is correct at 31st March 2017

## Fund Description

This portfolio fund invests mainly in cash and bonds. The fixed interest holdings include government, corporate and some high yield bonds. To provide an element of diversification and higher returns, the portfolio also includes allocations to equities, property and alternative assets.

The cautious portfolio is appropriate for investors who are looking for a low risk of capital loss and accept the low returns that are normally associated with this approach.

**Warning: If you invest in this product you may lose some or all of the money you invest.**

*The assets in this fund may be used for the purposes of securities lending in order to earn an additional return for the fund. While securities lending increases the level of risk within the fund it also provides an opportunity to increase the investment return.*

*This fund may borrow to invest. While borrowing increases the level of risk within the fund it also provides an opportunity to increase the investment return.*
