A systematic process driving portfolio construction

- Proprietary database containing over 2 million trade ideas
- Generating positive returns from large cap developed market companies
- Highly disciplined risk management system

The Fund is a low volatility (aiming for circa 3%-5% p.a.), market neutral equity fund that is targeting consistent, absolute returns that are not correlated to the general equity market. The Fund targets sector and region neutrality and generates the return from identifying and investing in the best long and short stock ideas from contributors across the global equity markets. The Marshall Wace TOPS team consists of 40 people who seek to identify the best stock specialists and build the portfolio that will capture these ideas in the most efficient manner.

WHY ABSOLUTE RETURN GLOBAL EQUITY?

Since the bottom of the equity markets in March 2009, following on from the financial crisis, developed market equity performance has provided 6 years of strong returns. With some equity markets at all-time highs and an increased level of uncertainty and potential volatility surrounding further global equity performance, we believe it is an appropriate time within a diversified portfolio to make an allocation to an absolute return global equity strategy that targets moderate and consistent returns at low levels of volatility.

BCP ABSOLUTE RETURN EQUITY BOND 7

Investors have two versions to choose from within the BCP Absolute Return Equity Bond 7 structure, the Growth Plus Version and the Growth Version. These versions differ in terms of capital security and participation in the fund performance and have been designed to cater for varying risk and return requirements of individual investors:

BCP ABSOLUTE RETURN EQUITY BOND 7 – GROWTH PLUS VERSION

At the end of the 5 year Term, the Growth Plus Version will pay 92% of the Remaining Capital (original investment amount less any withdrawals made on the Early Exit Date) invested plus 210% of the performance achieved by the underlying Fund over the investment term. There is no limit to the maximum return that can be earned from this Bond. If the Performance of the Fund is 30% over the Term of the Bond, the return to investors will be 92% of the Remaining Capital invested plus 63% ($30\% \times 210\%$) giving a Gross Return of 55%. As the 55% return in this case meets the minimum 40% Performance Fee hurdle rate, a 2% Performance Fee will be paid to BCP with a return of 53% paid to investors. This is equivalent to 10.6% per annum (CAR 8.9%). If the Performance of the Fund is negative over the term of the Bond, 92% of the Remaining Capital invested will be returned.

BCP ABSOLUTE RETURN EQUITY BOND 7 – GROWTH VERSION

At the end of the 5 year Term, the Growth Version will pay 97% of the Remaining Capital invested plus 130% of the performance achieved by the Fund over the investment term. If the Performance of the Fund is 30% over the Term, the return to investors will be 97% of the Remaining Capital invested plus 39% ($30\% \times 130\%$) giving a Gross Return of 36%. As the 36% return in this case is above the 18% Performance Fee hurdle rate for this Bond, a 1% Performance Fee will be paid to BCP with a return of 35% paid to investors. This is equivalent to 7.0% per annum (CAR 6.2%). If the Performance of the Fund is negative over the term of the Bond, 97% of the Remaining Capital invested will be returned.

WARNING: The figures above are provided only to illustrate how the Bond works; they should not be taken as an indication of potential returns. The return to you will depend on the version of the Bond you invest in and the actual Performance of the Fund which cannot be predicted in advance.

PERFORMANCE FEES

If at the end of the 5 year term the Gross Return of the Bond is between 18% and 39.9%, then a Performance Fee of 1% will be deducted from the Gross Return and paid to BCP. If at the end of the Term the Gross Return of the Bond is 40% or greater, then a Performance Fee of 2% will be paid to BCP in respect of that version. If you encash part/all of your investment at the 3 year Early Exit Date and the gross return of the Bond is between 11% and 23.9%, then a Performance Fee of 0.6% will be deducted from the gross return and paid to BCP (1.2% if the gross return of the Bond is 24% or greater). The Performance Fee is paid in addition to the initial fee paid to BCP as described in the Key Features on page 5.

EARLY EXIT OPTION

BCP has negotiated an early exit facility whereby you may encash up to 100% of your investment on the 3rd anniversary of the Bond at its realisable value, subject to a minimum of €10,000 per Version. Capital security will not apply to this encashment. The realisable value of the capital withdrawal may be more or less than the capital secure amount, depending on whether the growth earned by the Bond is greater or less than the early exit break costs.

WARNING: The value of your investment may go down as well as up, you may get back less than you invest.

WARNING: If you encash at the 3 year Early Exit Date, capital security will not apply to the portion of your investment being encashed. The encashment amount may be more or less than the capital secure amount.

WARNING: If you invest in this product, at maturity you could lose 3% (Growth Version) or 8% (Growth Plus Version) of the money you invest.

WARNING: If you invest in this product, you will not have access to your money for 3 years and/or 5 years.

KEY FEATURES

HOW DOES THE BCP ABSOLUTE RETURN EQUITY BOND 7 WORK?

The product producer of the BCP Absolute Return Equity Bond 7 is BCP Asset Management Limited, 71 Upper Leeson Street, Dublin 4.

Your entire investment is allocated to a 5 year BCP Absolute Return Equity Bond 7. At the end of the Term, the percentage performance (gain or loss) of the Fund is calculated. This performance will then be multiplied by 210% or 130% to determine the interest to be added to the capital amount secured in each version of the bond. The Growth Plus Version and the Growth Version offer 92% and 97% capital security respectively.

SUITABILITY The Bond is not suitable for investors who require regular income or require access to their capital before maturity. The Bond is suitable only as a capital growth investment. The return on the Bond will depend on the Performance of the Fund and will only be determined at the end of the Term. No withdrawals may be made before the Early Exit Date on 17th December 2018, or at maturity of the Bond on 17th December 2020. If you invest in this product, at maturity you could lose 3% (Growth Version) or 8% (Growth Plus Version) of the money you invest. Your money is not invested in the Fund, therefore, you do not benefit from any dividends distributed by the Fund, but you will benefit from the dividends and income earned within the Fund during the Term of the Bond. The Bond does not suffer any direct exposure to foreign currency. In order to protect the Performance of the Fund from volatility towards the end of the 5 year Term, the Final Price will reflect the average price of the Fund on a monthly basis over the final 18 months of the 5 year Term. The effect of averaging is to protect returns where performance is declining but conversely it may restrict growth where performance is rising. A Performance Fee of 1% will be deducted if the Gross Return of a Bond Version is between 18% and 39.9% at maturity. If the Gross Return of a Bond Version is 40% or higher then a Performance Fee of 2% will be paid to BCP at maturity. If you avail of the early exit option after 3 years and the gross return of a Bond Version is between 11% and 23.9%, a Performance Fee of 0.6% will be deducted from the gross return and paid to BCP (1.2% if the gross return of the Bond is 24% or higher).

CAPITAL SECURITY Capital security is provided by Investec Bank plc (Irish Branch). In the event Investec fails to meet its liabilities, you could lose some or all of your money. Your investment is held in the name of your pension platform provider. As your pension platform provider is the beneficial owner of the assets, it is important to note that this investment is not covered by the UK Financial Services Compensation Scheme (FSCS).
