## What is it?

- Free Life Insurance gives you €25,000 free life cover for 12 months.
- If you die within the 12 month period, it will pay out a lump sum of €25,000.
- You can also apply for dual cover where both lives have €25,000 free cover each.
- You can apply as long as you are aged between 18 and 55.
- You don't need to make a payment and you'll be covered instantly after you apply.
- To apply you must answer a qualifying health question.

## Remember

Free Life Insurance is designed to give you a head start with your life insurance. However €25,000 is usually only enough to cover immediate expenses.

To make sure you have enough financial protection, talk to your Ulster Bank Financial Planning Manager or visit [www.irishlife.ie](http://www.irishlife.ie) to review your protection needs.
