FUND DESCRIPTION

This fund generally invests in a balanced portfolio of fixed interest securities, equities and funds managed by alternative asset managers. The fixed interest and equity allocations will typically be spread among a number of different sectors and strategies to provide a higher level of risk diversification within the fund. This fund may be suitable for investors looking for good investment growth over the long term who are willing to accept investment risk and price volatility to achieve this, particularly in the short term.

Warning: If you invest in this product you may lose some or all of the money you invest.
