FUND DESCRIPTION

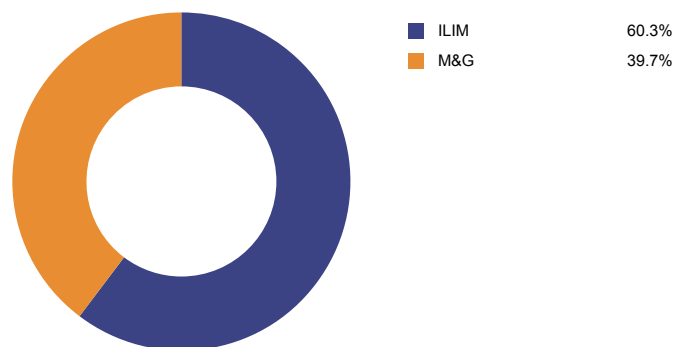

The fund will invest mainly in the securities of companies domiciled in or conducting the major part of their economic activity in emerging market countries. The fund may also invest in other assets from time to time. Investors in this fund are aiming for significant long term capital gains and investment returns, and as a consequence are prepared to accept considerable risk and potentially extreme ups and downs in asset values, especially in the short term.

Warning: If you invest in this product you may lose some or all of the money you invest.

ASSET ALLOCATION

SHARES BY MANAGER

The assets in this fund may be used for the purposes of securities lending in order to earn an additional return for the fund. While securities lending increases the level of risk within the fund it also provides an opportunity to increase the investment return. External asset managers may change over time.

This fund is provided by Irish Life Assurance plc and is managed by Irish Life Investment Managers Limited. It is developed together with FDC to meet the needs of a specific client risk profile.

Warning: This fund may be affected by changes in currency exchange rates.
