GET YOUR MONEY MOVING IN THE RIGHT DIRECTION

3 STEPS TO COMFORTABLE INVESTING

GET COMFORTABLE INVESTING

Some things in life can make you feel uncomfortable. However investing your hard-earned money shouldn't be one of them.

That's why we want to help you get comfortable investing - starting with 3 easy steps.

3 EASY STEPS

Step 1

Get your investor profile

Step 2

Match to the fund that suits

Step 3

See the expected range of returns

Want to get your money moving in the right direction?

Find out more about the **3 steps** at irishlife.ie/investments or read on for more information.

STEP 1 GET YOUR INVESTOR PROFILE

Find out what type of investor you are by doing our investor profile test. Don't let the word "test" put you off. It's just some straight-forward multiple choice questions. These help us to assess things like your attitude to investing and the types of investments you're more comfortable with.

By doing this quick test, you'll know what type of investor you are or if investing just isn't for you.

STEP 2 MATCH TO THE FUND THAT SUITS

This step matches your investor profile to the Irish Life MAPS® fund that could suit you best. Irish Life MAPS is our range of Multi-Asset Portfolio funds on our investment plans.

Each Irish Life MAPS fund has been developed to suit the needs of different types of investor profiles. So for example if your investor profile is balanced, step 2 would show that Irish Life MAPS Fund 4 could be right for you.

STEP 3 SEE THE EXPECTED RANGE OF RETURNS

Steps 1 and 2 show you what type of investor you are and what Irish Life MAPS fund could best meet your needs. Now we can show you the expected range of returns for that fund over different time periods. So you can see that investments can fall as well as rise but you also know what range of returns you could expect from your Irish Life MAPS fund.

At irishlife.ie/investments we can show you the expected range of returns for each of the Irish Life MAPS funds.

Get comfortable investing
