FUND DESCRIPTION

This fund's investments are spread over a broad range of investment types and markets. The fixed interest investments usually include government and corporate bonds. Equity investments are predominantly in developed market equities, but may also invest in other markets. The fund will typically have investments in property and alternative assets. This fund is suitable for investors seeking good long term investment returns, and who are comfortable with investment risk and accept that capital values may fluctuate, especially over shorter time periods. In addition, the Dynamic Share to Cash (DSC) model will operate on a portion of the fund.

Warning: If you invest in this product you may lose some or all of the money you invest.

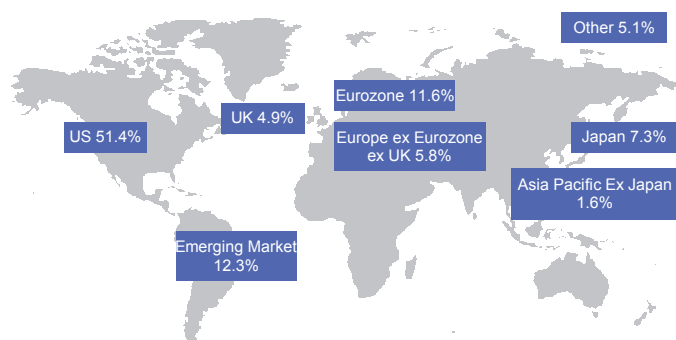

ASSET ALLOCATION

SHARE REGIONAL DISTRIBUTION

BOND COUNTRY DISTRIBUTION

The assets in this fund may be used for the purposes of securities lending in order to earn an additional return for the fund. While securities lending increases the level of risk within the fund it also provides an opportunity to increase the investment return. External asset managers may change over time. Underlying funds or investments may be subject to incentive fees. High Yield Bonds are sub-advised by an external manager. This fund may borrow to invest which increases both the risk and opportunity for return.

This fund is provided by Irish Life Assurance plc and is managed by Irish Life Investment Managers Limited. It is developed together with Wealth Alliance to meet the needs of a specific client risk profile.

Warning: This fund may be affected by changes in currency exchange rates.
