

PENSION LIFE INSURANCE

KEY FEATURES

This document is a summary of the product benefits as at November 2016. Full details are available in the product booklet and terms and conditions.

Pension Life Insurance is a life cover plan that you can take out before you retire. It pays your family a guaranteed lump sum if you die during the term of the plan. They can use this as they want, to pay bills, loans – whatever matters most. It gives you peace of mind in knowing that if you die during the term of your plan, your family could be protected financially.

You pay a regular amount of money into your plan. The payments you make are guaranteed not to increase during the term of the plan, unless you have chosen the inflation protection option. Your payment provides the level of life cover you choose until the date you have chosen for your cover to end.

The advantage of Pension Life Insurance over other life cover plans is that it could cost you less. This is because, if you are eligible, you can claim tax relief on your payments.

WHAT BENEFITS ARE AVAILABLE?

LIFE COVER Guaranteed lump sum if you die during the term of your plan.

ADDITIONAL BENEFITS

In addition to the expected plan benefits, Irish Life's Pension Life Insurance can also provide you with a number of additional benefits:

PROTECTION FLEXIBILITY

This allows you to make significant changes to your level of benefits or the term of your benefits without going through the hassle of cancelling your existing plan and taking out a new one. When you change the benefits or term of your plan we will work out a new plan premium at that time.

GUARANTEED INSURABILITY

If you take out Pension Life Insurance and before the age of 55 you then get married, have a child, take out a new / increase your existing mortgage or get an increase in salary, you can ask us to set up a new life cover plan for:

- €125,000;
- half of your current benefit; or
- half of your original benefit;

whichever is lower.

You won't have to provide any information about your health. This option is only available twice.

OPTIONAL BENEFITS

Irish Life's Pension Life Insurance also provides you with a number of optional benefits. You will have to pay extra if you choose any of these optional benefits.

INFLATION PROTECTION (INDEXATION)

This allows you to increase your cover yearly to keep in line with the cost of living. At the moment cover increases by 3% each year, while your payments increase by 4.5% each year.

GUARANTEED COVER AGAIN (CONVERSION OPTION)

This allows you change your cover to another guaranteed term plan at any stage throughout your plan, without any new evidence of health.

- Does not include inflation protection.
- The level of cover on the new plan cannot exceed the level of cover on the existing plan at the date the plan is converted.
- The maximum guaranteed cover again benefits are subject to an overall limit of €5 million for life cover and €1 million for specified illness cover over all the plans you have with us.
- You can choose a term up to the maximum available at the time you convert.

- You can avail of this option more than once. The payments you make will reflect this.

This option is especially useful on Pension Life Insurance if, at a later date, you want to extend your cover beyond retirement. You must be aged between 20 and 65 to take it out.

Acceptance Terms and Conditions apply to all of the benefits. You must keep up payments to remain on cover.

TAX ADVANTAGES OF IRISH LIFE'S PENSION LIFE INSURANCE.

PENSION LIFE INSURANCE PERSONAL PENSIONS – INCOME TAX ADVANTAGES:

If you are self-employed or an employee who does not have a company pension scheme and are eligible to take out a personal pension plan, you can claim income tax relief on your payments up to a certain percentage of your net relevant earnings in any one year.

PENSION LIFE INSURANCE COMPANY PENSIONS – INCOME TAX ADVANTAGES:

To take out Company Pension Life Insurance, your employer must cover the cost of your Pension Life Insurance plan. Employers receive Corporation Tax Relief on the contributions they pay on your behalf. Employer payments are not considered benefit in kind (BIK), so you do not have to pay income tax on these payments.
