UNDERLYING INDEX

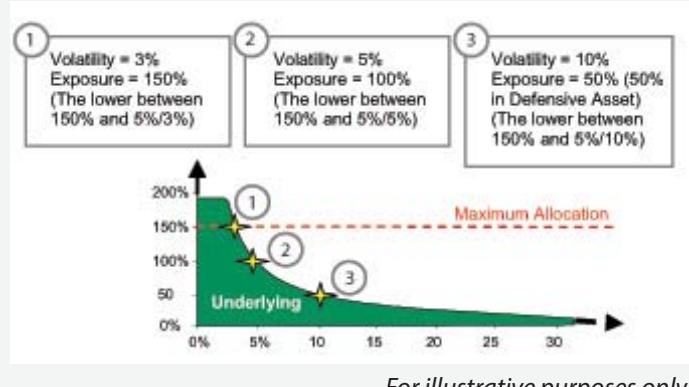

Why the BNP Paribas SLI Enhanced Absolute Return Index?

The BNP Paribas SLI Enhanced Absolute Return Index is linked to the total return performance of the Standard Life Investments Global Absolute Return Strategies Fund. It embeds a dynamic risk control mechanism in order to fully benefit from any positive trend and to provide protection during a market downturn

The strategy will dynamically adjust its exposure to the Standard Life Investments Global Absolute Return Strategies (GARS) Fund on a daily basis, in order to maintain the volatility close to 5%:

- **Cushion against sudden market movements:** The Underlying Index will reduce its exposure when volatility increases above 5%
- **Potential leverage:** The Underlying Index will increase its exposure (up to 150%) when volatility decreases below 5%

WHY THE STANDARD LIFE INVESTMENTS GLOBAL ABSOLUTE RETURN STRATEGIES FUND?

The Standard Life Investments Global Absolute Return Strategies (GARS) Fund aims to provide positive investment returns in all market conditions over the medium to long term. The investment team who actively manage the fund have a wide investment remit to help them try to achieve this aim. The team look to exploit market inefficiencies through active allocation to highly diversified market positions. The fund manager utilises a combination of traditional assets (such as equities and bonds) and investment strategies based on advanced derivative techniques resulting in a highly diversified portfolio. The fund can take long and short positions in markets, securities and groups of securities through derivative contracts*

Key Highlights

- The fund seeks to achieve a performance target of 6 month Euro Interbank Offered Rate (EURIBOR) + 5% p.a. (before charges) on a rolling three year basis
- Portfolio diversification, through a dynamic multi-asset approach and low correlation with other asset classes
- Strong track record since launch in May 2008
- AUM of over €27.72 billion**

Warning: Past performance is not a reliable guide to future performance.

HOW DOES THE STANDARD LIFE INVESTMENTS GLOBAL ABSOLUTE RETURN STRATEGIES FUND ACHIEVE ITS OBJECTIVE?

The Standard Life Investments GARS Fund aims to achieve its performance target by investing in different assets and applying investment strategies from around the world. As a result, the fund can seek enduring diversity by adopting a wider range of investment approaches than conventional investment funds. These approaches fall into four main categories:

Market Returns

- Equities, Bonds and Property
- Good long term return expectations

Directional

- Specific directional investment ideas
- In markets with little or no long term risk premium
- With significant return potential on a 3 year view

Stock Selection

- Active stock Selection
- Added value through a unique approach

Relative Value

- Seek highly correlated markets or segments
- Where their relative valuation is strained
- To exploit their realignment

AVERAGING

In order to protect the performance of the Investment from volatility in the Underlying Index towards the end of the Term, the Final Price will reflect the average level of the Underlying Index on a monthly basis over the final 24 months (25 Observations) of the Term. In the event of a rise in the level of the Underlying Index during the final 24 months of the Term this monthly averaging can reduce the value of the Investment by reducing the impact of such a rise on the maturity value of the Investment. Conversely, in the event of a fall in the level of the Underlying Index during the final 24 months of the Term this monthly averaging can increase the value of the Investment by reducing the impact of such a fall on the maturity value of the Investment.

TAXATION

Under current legislation, the gross return earned on the Investment will be subject to Deposit Interest Retention Tax ("D.I.R.T.") of 41%. However, certain non-residents, pension funds, credit unions and companies may apply to receive returns gross without deduction of tax. Investors must satisfy themselves in relation to all Revenue reporting and disclosure requirements and implications of any such non-disclosure. To the extent that D.I.R.T. has been deducted there is no further liability to Irish income tax on the return, but you may be subject to Pay Related Social Insurance ("PRSI") /Health Levy which is currently 4%.

Warning: If you invest in the Global Absolute Return Bond 25 you could lose 5% of the money you invest.

Warning: If you invest in the Global Absolute Return Bond 25 you will not have access to any of your money for 6 years.

Warning: The value of your investment may go down as well as up. You may get back less than you invest.

Warning: If you cash in your investment before the 16th September 2021 you may lose some or all of the money you invest.

KEY FEATURES

The Global Absolute Return Bond 25 (the "Investment") is linked to the performance of the BNP Paribas SLI Enhanced Absolute Return Index (the "Underlying Index").

The BNP Paribas SLI Enhanced Absolute Return Index is linked to the total return performance of the Standard Life Investments Global Absolute Return Strategies Fund. It embeds a dynamic risk control mechanism in order to fully benefit from any positive trend and aim to provide protection during a market downturn.

The Investment term is 6 years and it offers 95% capital security at maturity. Capital security is provided by Bank of Ireland (the "Bank").

HOW DOES THE INVESTMENT WORK?

The Investment will commence on 16th September 2015 (the "Start Date") and the term of the Investment is 6 years (the "Term"). On the 16th September 2021 (the "Maturity Date") 105% of the net performance of the Underlying Index will be paid to investors. If there is no growth in the Underlying Index, 95% of the capital invested by you in the Investment will be repaid.

100% of your investment is allocated to the Global Absolute Return Bond 25. At maturity 105% of the net performance of the Underlying Index will be paid to investors plus 95% return of your initial capital.

Wealth Options Limited ("Wealth Options") of Elm House Millennium Park Naas Co Kildare is the product producer. The Investment is only available from intermediaries that are authorised by the Central Bank of Ireland and who can advise you of the suitability of this Investment for your needs. Your intermediary (the "Intermediary") is regulated by the Central Bank of Ireland and will advise you as to the suitability of this Investment for your needs.

DO I HAVE ACCESS TO MY INVESTMENT?

You will not be able to withdraw any money invested by you in the Global Absolute Return Bond 25 before the Maturity Date unless Wealth Options and the Bank in their absolute discretion agree otherwise. Deductions for charges and expenses are not made uniformly throughout the life of the Investment but are loaded disproportionately onto the early period. If you are permitted by Wealth Options and the Bank at their absolute discretion to withdraw from the Investment prior to the Maturity Date, the front-end loading feature can lead to you receiving less than you invested in the Investment. The proposed return on the Investment is subject to price volatility risk associated with the Underlying Index and will not be paid in the event that there is no growth in the Underlying Index. This Investment is not suitable for investors who require a regular income or who require access to their capital before maturity. The return, if any, on the part of your capital invested in the Investment will depend on the net performance of the Underlying Index.

Neither you, the Investment nor the Bank will receive the benefit of any dividends payable on the assets within the Underlying Index. The Investment is suitable only as a capital growth investment. In order to protect the performance of the Investment from volatility in the Underlying Index towards the end of the Term, the Final Price will reflect the average level of the Underlying Index on a monthly basis over the final 24 months of the Term. In the event of a rise in the level of the Underlying Index during the final 24 months of the Term this monthly averaging can reduce the value of the Investment by reducing the impact of such a rise on the maturity value of the Investment. Vice versa, in the event of a fall in the level of the Underlying Index during the final 24 months of the Term this monthly averaging can increase the value of the Investment by reducing the impact of such a fall on the maturity value of the Investment.

Investors into the Global Absolute Return Bond 25 will not have access to any part of their capital before the Maturity Date on 16th September 2021. 95% Capital Security is only available for the Global Absolute Return Bond 25 if the entire amount of the money you invest in the Investment remains in the Investment for the duration of the Term up to and including the Maturity Date.

IS THIS INVESTMENT RIGHT FOR YOU?

The Investment might be right for you if:

- You are looking for an investment linked to the performance of the Underlying Index
- You do not need access to your money over the next six years.
- You have a minimum of €20,000 to invest
- You are willing to lose up to a maximum of 5% of your initial capital

The investment might not be right for you if:

- You want a regular income and dividends
- You may need immediate access to your money
- You cannot commit to the full six year term
- You want a guaranteed return on your investment
- You want to add to your investment on a regular basis
- You are not willing to lose up to 5% of your investment

WHERE DOES MY INVESTMENT GO?

It is currently estimated that your proposed investment of €50,000 will be used as follows:

€43,595 or 87.19% will be used to secure the promised payment of €47,500 or 95% after 6 years. This is equivalent to a promised return on this part of your investment of 1.48% Compound Annual Rate ("CAR") before tax is deducted.

€5,515 or 11.03% will be used to secure the return on your investment which may be payable after 6 years.

€890 or 1.78% will be taken in charges. The Bank will pay Wealth Options a fee equivalent to 1.78% of the initial investment amount for arranging this product. There is no fee payable to your financial broker from this product

€50,000 or 100% Total

If the return on the Investment is negative at the end of the Term, you will receive 95% of your initial capital.

Warning: Deductions for charges and expenses are not made uniformly throughout the life of the product, but are loaded disproportionately on to the early period. If you encash early from the product before the maturity date the front end loading of charges will have an impact on the amount of money you receive. You may not get back the full amount that you invested.

If this Bond is held by a non standard PRSA it must be held to maturity, without exception even in the event of death of the PRSA investor. At Maturity 95% of your capital is protected.

"CAR or Compound Annual Rate" is the equivalent annual rate of interest (where interest is paid on previously earned interest as well as on the principal), payable at the end of the year, on a deposit.

"AER or Annual Equivalent Rate" illustrates what interest rate would be paid and compounded each year before the deduction of tax.

WHAT HAPPENS IF I DIE BEFORE THE INVESTMENT MATURES?

Where an investment is made on behalf of a self-directed pension plan in the event of death of a policy holder/member prior to the Maturity Date, the Investment may be redeemed at its realisable value as determined by Wealth Options Limited and the Bank which may be more or less than the capital protected amount. The proceeds from such redemption would be paid to the life company.

For non-insured PRSA investors, in the event of death of a non-insured PRSA investor before the Maturity Date, the Investment will continue to the Maturity Date in the name of the executor or administrator of their will according to usual probate rules.

In the event of the death of a sole investor prior to the expiry of the Term:

- (a) the Investment may be transferred into the names of the deceased investor's personal representatives or of any other person nominated by such personal representatives,
- (b) the Investment may be redeemed, subject to normal probate regulations, at its realizable value as determined by the Bank. The redeemable amount will be calculated primarily by reference to the market value and the remaining term to maturity. The amount redeemed may be more or less than your original investment amount.

Where the Investment is held in joint names it will, upon the death of one of the investors and upon production of such evidence of death as Wealth Options or the Bank may require, be transferred into the name(s) of the surviving investor(s).

Warning: If, in the case of death, and your investment is encashed before the 16th September 2021, you may lose some or all of the money you have invested in the Investment.

TAXATION

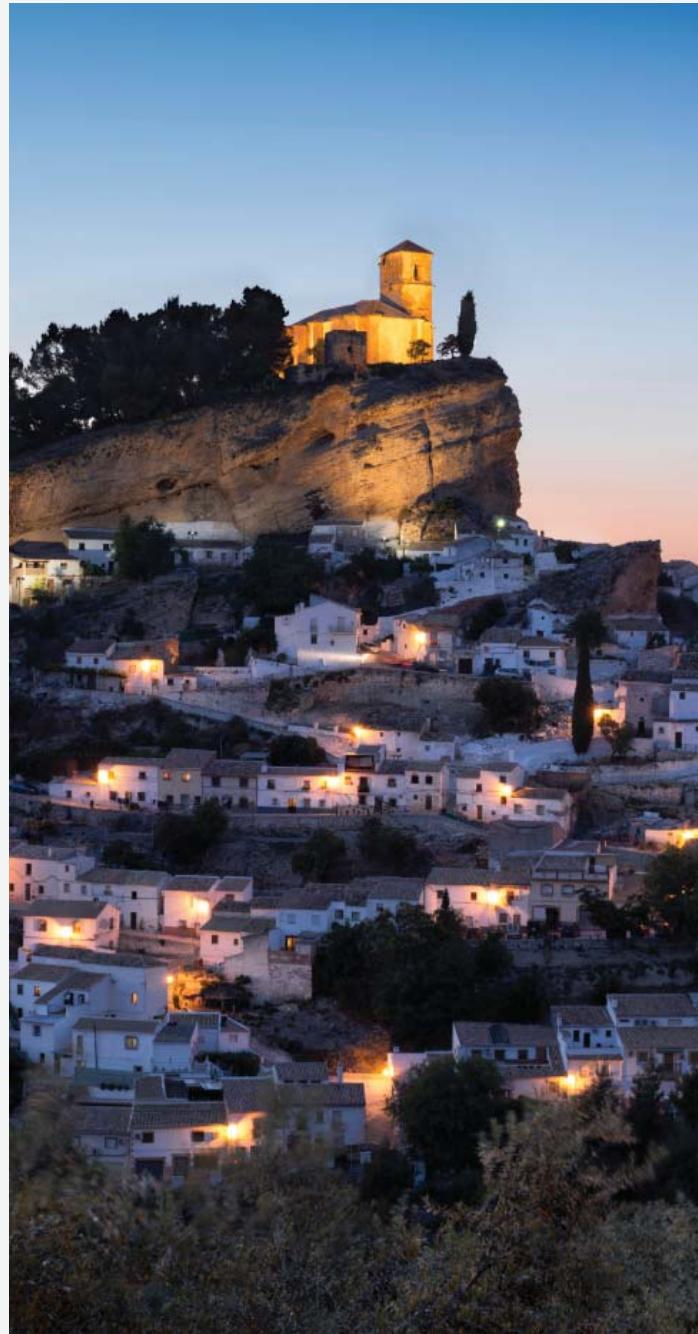

Under current legislation, the gross return earned on the Investment will be subject to Deposit Interest Retention Tax ("D.I.R.T.") of 41%. However, certain non-residents, pension funds, credit unions and companies may apply to receive returns gross without deduction of tax. Investors must satisfy themselves in relation to all Revenue reporting and disclosure requirements and implications of any such non-disclosure. To the extent that D.I.R.T. has been deducted there is no further liability to Irish income tax on the return, but you may be subject to Pay Related Social Insurance ("PRSI") /Health Levy which is currently 4%.

Warning: If you invest in the Global Absolute Return Bond 25 you could lose 5% of the money you invest.

Warning: If you invest in the Global Absolute Return Bond 25 you will not have access to any of your money for 6 years.

Warning: The value of your investment may go down as well as up. You may get back less than you invest.

Warning: If you cash in your investment before the 16th September 2021 you may lose some or all of the money you invest.

All documentation supplied must be certified by one of the following: Garda Síochána/an Accountant/a Solicitor/Notary Public/Embassy-Consular staff member.

3. Your Investment

3.1 Wealth Options will place your investment in the Investment in a client asset deposit account with the Bank in the name of Wealth Options Client Asset Account. You will receive a confirmation from the Bank. Please note that this is a pooled account which means that:

- (i) the account to which the money is lodged will contain money belonging to more than one client;

- (ii) the account will be an account in the name of Wealth Options over which Wealth Options may issue instructions; and

- (iii) Wealth Options is required to comply with the Central Bank of Ireland's rules regarding client money and assets which include requirements to reconcile client accounts on a regular basis and to ensure that the amount of client assets which Wealth Options holds is at least equal to the amount which it should be holding in accounts for clients. We are obliged to have your consent to the holding of your monies in such a manner.

By signing the application form you are consenting to the holding of your investment in this manner.

3.2. There is no interest or Return payable on any money received before the Start Date.

3.3. At the end of the 6 year Term, on advice from Wealth Options, the Bank will pay 95% of the original capital invested in the Investment to the investors together with any Return earned in accordance with clause 7.

3.4 The index sponsor and the index calculation agent (and any of their respective affiliates) of the Underlying Index have no obligation or liability whatsoever in connection with the administration, marketing or trading of this product. The Underlying Index has no obligation or liability in connection with the administration, marketing or trading of this product.

3.5 Your money is not invested in the Underlying Index and, therefore, your Investment does not benefit from any dividends paid by the Underlying Index, if any.

4. Availability

4.1 The closing date for applications is on or before 21st August 2015 (the "Closing Date").

4.2 The minimum investment is €20,000.

4.3 The Investment is available to business customers, personal customers, who must be over the age of 18, investing on their own behalf, or on behalf of credit unions, charitable bodies, companies and pension funds.

5. Cooling Off Period

You have the right to cancel this contract prior to the Closing Date. If you wish to cancel, written notice must be received by Wealth Options at Elm House, Millennium Park, Naas, Co. Kildare by 21st August 2015.

6. Withdrawals

6.1 No withdrawals may be made from the Investment before the Maturity Date.

6.2 In the event of death of a sole investor prior to the expiry to the Maturity Date:

- (a) the Investment may be transferred into the names of the deceased investor's personal representatives or of any other person nominated by such personal representatives, or

- (b) the Investment may be redeemed, subject to normal probate regulations, at its realisable value as determined by the Bank which may be more or less than the original capital invested.

Warning: If, in the case of death, and your investment is encashed before 16th September 2021, you may lose some or all of the money you invest in this Investment.

6.3 Where the Investment is held in joint names, it will, upon the death of one of the investors and upon production of such evidence of death as Wealth Options or the Bank require, be transferred into the name(s) of the surviving investor(s).

6.4 Charitable bodies, pension funds and companies may not withdraw before the end of the Term.

6.5 If this Bond is held by a non standard PRSA it must be held to maturity, without exception even in the event of death of the PRSA investor. On Maturity 95% of your capital is protected.

7. Return

7.1 For the Global Absolute Return Bond 25, the Return credited on 95% of your capital investment after the 6 year term will be 105% of the positive performance of the Underlying Index based upon the closing value of the published Net Asset Value ("NAV") of the Underlying Index on the Start Date compared to the averaged closing values of the NAV of the Underlying Index on the Maturity Date.

7.2 If the performance of the Underlying Index is negative you will receive 95% of the amount invested in the Bond.

7.3. Performance of the Underlying Index is calculated as the sum of (Final Price – Initial Price)/Initial Price of the Underlying Index where

(1) the Initial Price will be the closing level of the Underlying Index on 16th September 2015 or the next business day; (2) the Final Price is the simple average of the closing level of the Underlying Index taken at monthly intervals from and including 16th September 2019 to and including 16th September 2021 or the next business day.

7.4 The Return will be paid after deduction of Deposit Interest Retention Tax ('DIRT') where applicable. DIRT to be deducted will be calculated in accordance with the appropriate tax legislation and at the rate prevailing on the Maturity Date (41% on any Return from the 6 year Investment).

8. Disruption Events

8.1 If, at any time during the Term a Disruption Event occurs, Wealth Options (in consultation with the Bank) may adjust the basis for, and the values used in, the calculation of the Return as it deems in its absolute discretion appropriate, having regard to the Disruption Event in question. Any Return payable may be significantly lower as a result of any such adjustment.

8.2 Neither the Bank, Wealth Options nor their agent(s) will be liable for any breach of their obligations under these Terms & Conditions or for any loss howsoever suffered by you if there is any total or partial failure of performance resulting from a Disruption Event.

8.3 On the occurrence of Disruption Event Wealth Options will notify you of the relevant Disruption Event in such manner as deemed appropriate, and the Bank and Wealth Options shall be entitled to immediately suspend operation of the Investment during any period in which a Disruption Event continues and thereafter until the end of the Term, and/or unwind any hedging relating to the Investment at the then current market value. The Bank will for such period arrange for the investment accrued to be placed on deposit for the aforesaid period, on terms to be agreed between the Bank and Wealth Options at their absolute discretion. In the event of any Disruption Event, 95% capital protection may not be provided by the Bank.

8.4 Wealth Options reserves the right to change the Index in the event of a Change in Law as determined by the Bank and Wealth Options. If a substitution is not possible in these circumstances or if the Change in Law affects the Investment itself, the Bank and Wealth Options shall be entitled to suspend operation of the Investment in accordance with Clause 8.3.

9. Maturity

Your intermediary will contact you before the Maturity Date to advise of repayment and reinvestment opportunities available at that time. At the Maturity Date, Wealth Options will, following receipt of your instructions, instruct the Bank to issue and send individual customer cheques (payable to the customer) to Wealth Options amounting to the capital sum invested together with the Return. Alternatively, Wealth Options will reinvest the capital sum invested together with

the Return earned where instructed to do so by you.

10. Confidentiality

Wealth Options and the Bank observe a strict duty of confidentiality about your financial affairs. Save at your request or with your consent, neither the Bank nor Wealth Options will disclose any details relating to your Investment to anyone else other than to comply with: (i) a Court Order, or (ii) a direction or request from a legal, statutory or regulatory body entitled to such details, or (iii) in accordance with applicable law or regulation.

11. Data Protection

Both Wealth Options and the Bank are registered under the Data Protection Acts 1988 and 2003 (as amended) and your personal data held by both the Bank and Wealth Options will be maintained in accordance with the obligations of the Data Protection Acts and any subsequent or related legislation.

12. Cancellation

If total investment amount received from investors at the Closing Date are deemed to be insufficient, Wealth Options reserve the right not to proceed with the Investment issue and to repay investors.

13. Assignments

You may not transfer (either by assignment or by novation) or create any security over any or all its rights, interests and obligations in the Bond without the prior written consent of Wealth Options.

14. Client Asset Accounts

The Investment is a deposit based product and the Bank is the underlying deposit taker. Investors will receive confirmation from the Bank of their investment. On maturity, funds can only be paid to investors. Client asset accounts contain funds which are pooled with other clients' funds. Investors have a claim against the client assets pool in a specific account. Funds are not afforded protection under the Client Asset Requirements until they are swept from the clearing account at the Bank into the Wealth Options client asset account.

15. Variation

These Terms and Conditions may be changed if a decision, recommendation or change is made by a Court, Regulator or Ombudsman (however described), or by legislation. Wealth Options will notify you personally of any changes and will endeavour to give you at least one month's notice.

16. Investment Operation

Neither Wealth Options, the Bank, nor their agent(s) will be liable for any loss you may suffer if Wealth Options, the Bank or their agent(s) is prevented from providing any service as a result of industrial action, power failure or other cause beyond the reasonable control of Wealth Options, the Bank or their agent(s). The Bank acts as deposit taker and is not liable for the responsibilities of Wealth Options to you in relation to the Investment or for any information provided to you by Wealth Options. The Bank is not offering financial or tax advice to Wealth Options or investors. It does not make any representation, express or implied, as to the investment terms or the performance of the Investment. Any such statements herein, as well as all other statements regarding the Investment, are the sole responsibility of Wealth Options.

17. Governing Law and Jurisdiction

These terms and conditions are governed by and shall be construed in accordance with the laws of Ireland. By signing the application form for the Investment, you agree that any dispute may be resolved by the courts of Ireland.

18. Deposit Protection Scheme

This Investment is deposit based and Bank of Ireland is the underlying deposit taker. The provisions of the Irish Deposit Protection Scheme ('DPS') may apply, while funds are on deposit with the Bank, dependent on your circumstances. Details of the DPS are available at www.consumerhelp.ie.
