

TAX STATUS DECLARATION FORM

COMMON REPORTING STANDARD - TRUSTS

Purpose

Financial Institutions in Ireland are required under legislation to seek answers to questions for purposes of identifying accounts, the details of which are reportable to Irish Revenue for onward transmission to tax authorities in other jurisdictions. The legislation includes the requirements under the Organisation for Economic Cooperation and Development (OECD) Common Reporting Standard (CRS).

This form is designed for you to inform Irish Life of your tax residency. We are asking for your country/countries of tax residency and tax reference numbers (where applicable) and will record this on our records. In certain circumstances (including if we do not receive valid self-certification from you) we may be obliged to share information on your plan with the Irish Revenue Commissioners for onward reporting to tax authorities in other countries/jurisdictions.

For trusts, we are required to capture this information for the plan owner and the controlling persons (settlors, trustees, appointors, beneficiaries). Where the beneficiaries are named individually then we require tax information for the named beneficiaries. Where the beneficiaries are not named or of a class then we will require tax information when the beneficiaries are individually identified.
